SPECIAL NEW VARIETIES
In Limited Quantities

STOCK NO.	VARIETY	QUANTITY	UNIT PRICE
207	HOYA EXOTICA — A beautiful plant with variegation opposite from the Carnosa Variegata, in 2½" plastic quadra-pot; packed 64 per carton.		$ .25
352	PHILODENDRON VERRUCOSUM — This is a collector's item. It is as colorful as a gypsy. The foliage is salmon-violet on the under side and sparkling green above. The stems are covered with bright metallic red and green hairs. In 3½" white plastic tubs, packed 30 per carton.		1.00
402	DIFFENBACHIA MEMORIA-CORSII — Delicately lined gray and green with dark green stenciling with white spots. A masculine plant that holds the foliage well. In 4" plastic quadra pots, packed 15 per carton.		1.00
552	RAPHIDOPHORA CELATOCAULIS (Shingle-plant). This is an unusual pole plant that clings close to the pole with overlapping foliage. In 5" white plastic tub on 15" cypress bark; packed 8 per carton.		1.25

Prices subject to change without notice.

FLAMINGO

A new Azalea, developed by Ennert Brothers, of St. Louis, Missouri. We highly recommend this variety and we suggest that you include it in your order. Flamingo is very early, and can easily be brought in at the same time as Coral Bells, which should make it highly desirable.

It flowers evenly and heavily, is a full double pink, slightly variegated, and holds well. Our production for the coming season is limited, so we urge you to place your order early.
